The lost first civilized continent in the world — the land of Mu

The Source of the land of Mu

British: James
Churchward

Churchward found the Naacal tablets, the interesting symbols and vignettes, in the Indian temple in 1868, and he researched and finally deciphered its meaning after 2 years. Then he searched for tablets of remains and ancient books around the world, and investigated a lot of ancient remains in the world.

The data of the lost continent of Mu

Churchward searched the data of ancient book, including: Maya's *Paris Codex*, *Cortesianus Codex*, *Dresden Codex* and *Troano Manuscript*, Indian *Epic of Lamayana*, Egyptian *Book of the Death* and Tibetan *Lhasa Record*. Then he wrote "*The lost continent of Mu*" after 50 years to introduce the land of Mu, which lost at 12,000 years ago. The book was attracted attention by common people. Churchward understood the existence of ancient land of Mu in view of the Naacal tablets.

The Empire of the Sun was in the land of Mu

Churchward located the land of Mu

- When Churchward traveled the South Ocean Islands for a month, then from the locations of prehistoric megalithic civilization where he found drew the map of Mu, which was a lost continent in the middle of Pacific Ocean.
- The Domain of Mu extended from somewhere north of Hawaii to the southeast of Easter Island, southwest of Tongatabu, and to the northwest of the Ladrões. It was over 8,000 km from east to west, and from north to south over 5,000 km. It was a boundless land.

Churchward's Description of Mu

Long long ago, there was a great civilized Empire of the Sun in the land of Mu, the Motherland of Man, in the Pacific Ocean. The Empire ruled the earth, had possession of huge temple and 7 beautiful cities. Their people lived with free and unrestrained under the shiny sun. The emperor named “La Mu”, and “La” means the Sun, “Mu” Means the mother. The civilization of Mu dates back more than 50,000 years ago.

Society of the Empire of the Sun

The Great Creator — Narayana

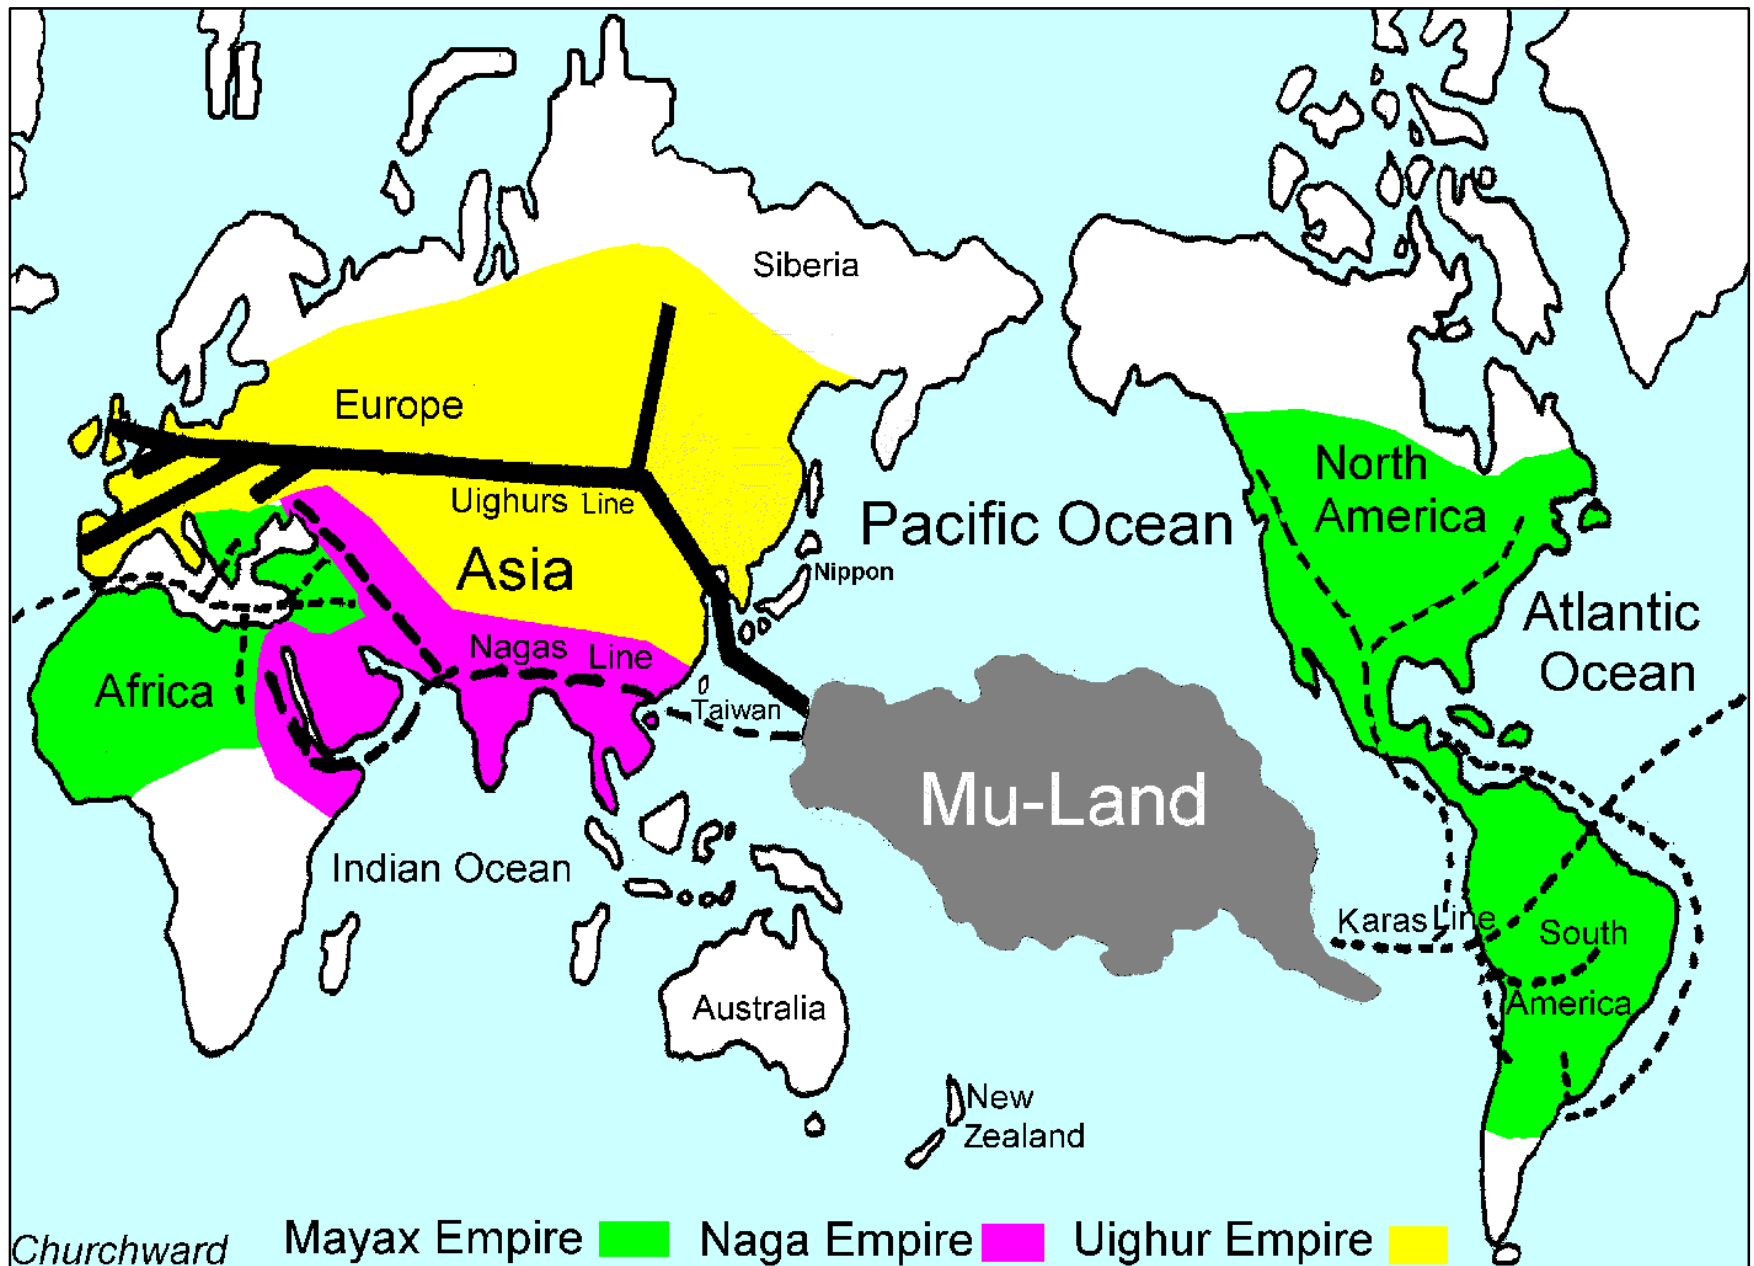

The great seven-headed serpent of Angkor, Cambodia.

La Mu, the Emperor, managed all thing, politics and religion at the Royal Palace of the Capital. The people organized by ten races, and there were 64 million people in all; and the leading right of culture was had by white race. It was a matriarchal society and religion had only one, worshiped the God of Sun, and worshiped the Creator of Universe—the seven-headed serpent—Narayana.

The people of the Empire of the Sun emigrated abroad to establish colonies

- One Group of Karas sailed for east to get to Middle America, and extended to North America and South America to establish the colony of Mayax Empire.
- One Group of Nagas sailed for west to get to Burma, and extended to India, Middle Asia and Middle Europe to establish a colony of Naga Empire.
- One Group of Uighurs sailed for west to get to China, and extended to Mongolia, Eastern Europe and Siberia to establish a colony of Uighur Empire.

The line of colonization from the land of Mu to the entire world

The people of Mu are often traded all over the world

The painted murals of Mohenjo Daro described the people of Mu frequently went around the world prosperous trading.

The people of Mu in Empire of the Sun often sailed in the ocean all over the world for trading, and due to the ships departed or returned its ports raised clamors. In addition, these ships from all over the world brought back exotic goods and gold, silver and jewel. Archaeologists redrew painted mural of Mohenjo Daro in India 5,000 years ago. This situation of bustling, and flourishing scene was exactly like as the same ports with Empire of the Sun.

The destruction of Mu

According to Churchward's description, about 12,000 years ago a great catastrophe struck the whole land of Mu. The beginning from the capital, rumblings from the bowels of the earth, followed by earthquakes and volcanic outbursts. The volcanoes belched out their fire, smoke and lava. A thick black pall of smoke overshadowed the land. The land heaved and rolled like the ocean's waves, and trembled and shook like the leaves of a tree in a storm. Then huge cataclysmic waves from all sides came rolling in over the land. The cities, forests, people and animals all were engulfed. Finally, the land of Mu sank into the ocean and disappeared.

A volcanic catastrophe

Temples and palaces of Mu came crashing to the ground and monuments and statues were overturned. The cities became heaps of ruins.

A volcanic cataclysm

Such as completed the destruction of the Maya edifices in Yucatan, after the earthquakes had shaken them to their foundation. The Yucatan Mayas—the builders—were virtually wiped out, 9500 B. C.

After the submersion of Mu

After the mega-tsunami, this figure showed the Empire of the Sun was destroyed, and left disused hilltops and alarmed people of Mu.

Records about land of Mu

Churchward confirmed the sources of Mu existence

- 1. The sacred tablets found in the Indian temple hinted Mu-Land existence, and understood out with the help of eminent monk.
- 2. There is confirmation of Mu in other ancient manuscripts, including such a classic as the Hindu epic Ramayana, Maya ancient book Troano Manuscript and Codex Cortesianus, Lhasa record and Cliff writings in American western states.
- 3. There are existing ruins which, by their location and the symbols with which they are decorated, tell of the lost continent of Mu, the motherland of man. At Uxmal in Yucatan of Mexico, a ruined temple bears inscriptions commemorative of the "Lands of the West (Mu), whence we came"; and the striking Mexican pyramid southwest of Mexico City, according to its inscriptions, was raised as a monument to the destruction of these same "Lands of the West (Mu)."
- 4. there is the universality of certain old symbols and customs as discovered in Egypt, Burma, India, Japan, China, South Sea Islands, Central America, South America and some of the North American Indian tribes and other seats of ancient civilizations. These symbols and customs are so identical as to make it certain that they came from one source only –Mu.

The other relevant existed records of the land of Mu

1. Troano Manuscript described land of Mu sank 12000 years ago.
2. Temple inscription in ancient city of Mexico blessed envoy of Empire of the Sun.
3. Map of the land of Mu in "*the Book of the Death*".
4. Egyptian "*the Book of the Dead*" recorded the land of Mu disappearing.
5. "*The Book of the Dead*" has related pictures about Egypt and the land of Mu.
6. A North American Indian Tableau Depicts the destruction of Mu.
7. American rock statue is a monument of disappeared Mu.
8. Many remnants describe the existence of the land of Mu.

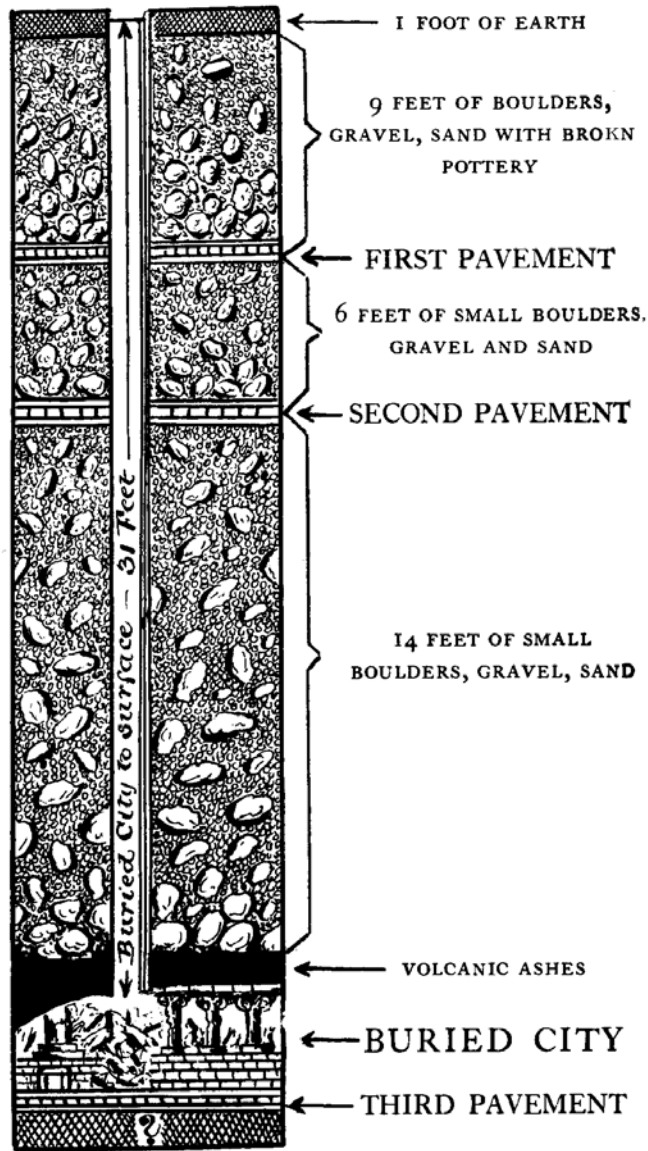

1. Troano Manuscript described land of Mu sank 12000 years ago

Traced from Troano
Manuscript

In the year 6 Kan, on the 11 Muluc, in the month of Zac, the land of Mu occurred terrific earthquakes, these caused the land to rise and to sink several times in various places. It disappeared during the night, being constantly shaken by the fires of the underneath. At last the surface gave way, they sank with their 64,000,000 inhabitants, 8,060 years before the writing of this book. The land of Mu is so lost in the Pacific Ocean between day and night, that it was 12,000 years ago.

2. Temple inscription in ancient city of Mexico blessed envoy of Empire of the Sun

Siven's Mexican buried cities

In the end of 19 century, William Niven, mineralogist of Mexico, discovered a Mexican buried city at depth 31 feet below the surface, buried metals as gold, silver, copper and iron etc. Geologically, the lowest city dates was in existence more than 50,000 years ago. People dug up more than 2,600 stone tablets, among them the tablet inscription No. 684 is recording and narrate like this: In this shrine according to representative of the God, our king – Ramu's decree, defending our spirit day and night, and building of Mu colonies, for the blessing from the western land – the Envoy of Empire of the Sun.

3. Map of the land of Mu in the Book of the Death

Map of the Book of the Death

In the Book of the Death about the land of Mu records: Guiding people who built grand Pyramid of Egypt, came from the homeland of the east 'Sunrise country', this country is called the "Empire of the Sun", but already disappear.

4. Egyptian the Book of the Dead recorded the land of Mu disappearing

Vignette in the Book of the Dead

Egyptian the Book of the Dead recorded about Mu-Land disappearing. Vignette  denotes surrounded by flames in hot; the outside  denotes Mu-Land, the inside  denotes an abyss, inner  denotes great oceans. This vignette reads: “Mu has gone down into an abyss of fire, and, as she sank, flames of fire shot up around her and enveloped her.”

5. The Book of the Dead has related pictures about Egypt and the land of Mu

Vignette in the
Book of the Dead

In the Book of the Death, Egyptologists have described this vignette as: a head peeping out of a lotus flower that reads: "I am a pure Lotus sprung out of the Field of the Sun." The deciphering of this vignette is: The head represents an Egyptian and Egyptians, as shown by the head-dress. The head has arisen out of a lotus. The lotus is shown as dead and closed. In this vignette the lotus is dead Mu. Translated it reads: "The Egyptians came from Mu, the empire of the Sun, which is dead and exists no more."

6. A North American Indian Tableau Depicting the destruction of Mu

An adorned serpent has always been the symbol for the Deity as the Creator and His Creations. In the center of the picture is a Thunder Bird. Thunder Bird symbolizes the Great Primary and Creative Forces. In the bottom a killer whale symbolizes water. The Thunder Bird is depicted as standing on the whale, which is the ocean waters, with its claws embedded in the whale's back, showing that the waters are in the grip and under control of the forces. The whale is dead –quiescent, as its neck has been broken by the forces. The tragedy has been accomplished. This is shown by Magnetic Forces falling from the wings of the Thunder Bird and forming an abyss. The Motherland has been carried down into the abyss of darkness.

7. American rock statue is a monument of disappeared Mu

a rock statue was found in Gold Gulch, Beatty, Nevada.

The rock statues in Gold Gulch of Nevada resembles the squat and bent figure of a man in a posture of grief and mourning. On the top is a weather-worn stone, which represents the head of the figure. In place of eyes are pecked and painted two symbols, both meaning a mouth opened, volcanic fires and vapors came forth, the land gave way, and Mu, the Great Ruler, the Empire of the Sun, sank into that abyss of fire, and went down toward water. Nicks is a description of the disappeared Mu. As if a monument of the local aboriginal's of stone carving of this rock.

The rock stone carving looks like the symbol chiseled and carved on head and arm.

8. Many remnants describe the existence of Mu-Land

There are related symbols at remnants of Mu-land in the Central America

At Copan of Honduras, Quirigua of Guatemala, Opico and Cirraca-Mecalco of El Salvador have a lot of prehistoric traces, and leave the symbols related to the land of Mu.

There is existing ruin which tells the lost continent of Mu

Xochicalco pyramid, in the western part of the Mexican state of Morelos.

The inscriptions on the walls of the Temple of Xochicalco pyramid in the Mexican state of Morelos, bears “This edifice is a memorial commemorating the destruction of Mu, the Lands of the West, whence came our sacred mysteries”. According to its inscriptions, was raised as a monument to the destruction of these same "Lands of the West (Mu)."

The interpretation of “the land of Mu” is exactly ancient Taiwan

1. The mega-tsunami event in Taiwan corresponded with the land of Mu

The land of Mu is not in the middle of the Pacific Ocean

From the perspective of marine geology, except coastal continental shelf, the marine depth in the Pacific Ocean exceeds 1,000 meters; the position of Churchward's Mu-Land is deeper and there is never any continent existed. According to geologic perspective, if the seabed of coral reef descends at a rate of 3 cm/k yr in common, in 10,000 years only 30 cm drop. So, the land of Mu is not in the middle of the Pacific Ocean.

The land of Mu should be near Ryukyu and Taiwan

As for geology, on the Pacific Ocean, there are only regions along Japan, Ryukyu, Taiwan and the coasts of South and North America will take place violent volcanic eruption and earthquake in ancient times, and Churchward's land of Mu is in the safety area should be excluded. Because change of the earth's crust with several million year or several ten million year as an unit go on, so the state several ten thousand years ago should be limited with the modern difference. Along the coasts of South and North America have not found any sunken continent, so volcanic eruption and sunken continent may happen near Japan, Ryukyu or Taiwan.

The landslide of Snow Mountains is understood as the sunk land of Mu

According to dating times of the drill core at DOP Site 1202, and the end times of the fourth glacial period, infer mega-tsunami event in Taiwan happened about 12,000 years ago. According to "*The lost continent of Mu*" described the circumstances, which accorded with the volcanic eruption at the north segment of Snow Mountains in Taiwan made the east hillside collapsed and a big landslide caused earth and stone fell into sea, and triggered off a mega-tsunami in the Pacific Ocean, and times were all the same 12,000 years ago. The big landslide of Snow Mountains collapsed that made the capital of the Empire of the Sun in the coast area of Ilan to sink into the sea, and formed the big circular gulf that Churchward described for the sunk land of Mu. It can do for the evidences of "Taiwan is exactly the land of Mu".

The landslide of Snow Mountains is understood as the sunk land of Mu

According to "*The lost continent of Mu*" described the circumstances, which accorded with the volcanic eruption at the north segment of Snow Mountains in Taiwan made the east hillside collapsed and a big landslide caused earth and stone fell into sea, and triggered off a mega-tsunami in the Pacific Ocean, and times were all the same 12,000 years ago. The big landslide of Snow Mountains collapsed that made the capital of the Empire of the Sun in the coast area of Ilan to sink into the sea, and formed the big circular gulf that Churchward described for the sunk land of Mu.

Taiwan was verified to be the land of Mu

The “mega-tsunami event” at the northeast corner of Taiwan corresponded with the Churchward’s plot of “*The lost continent of Mu*”, including the volcanic eruption, earthquake, submergence of land in the Pacific Ocean and 12,000 years ago. So, it can do for the evidences of “Taiwan was exactly the land of Mu”.

2. The Naacal Tablets reveal the land of Mu may be Taiwan

Churchward deciphered the Naacal Tablets

In the vignette,  symbols the land of Mu that is emerged; the lotus  is the floral symbolical flower of Mu; three pieces of foliage  give Mu's numeral that means there are 3 lands, including 2 smaller islands; the water  symbols the emerged land is surrounded by water; the jumping deer  deciphers the first man on earth.

3 pieces of foliage shows the land of Mu may be ancient Taiwan

The vignette  shows 3 pieces of foliage above , which symbols the land of Mu including 3 islands. We can decipher the large one  is Taiwan Island and the other smaller two  are Ryukyu Archicontinent and Penghu land bridge which separate from Taiwan with trough and trench. The other two are found ancient remains of city or temple in submarine now, so it may be the evidences of the land of Mu.

The land of Mu is made up of three islands with contrasting to Taiwan.

The jumping deer in the vignette was Formosan sika deer

According to the picture of jumping deer (Left), its appearance and characteristic are very similar to Formosan sika deer (right) that means the first man on earth maybe appeared in Formosa (Taiwan).

Jumping deer is on behalf of the first man should be born in ancient Taiwan

Only growing in southeastern Asia, the Formosan sika deer is the most and largest one in the world. This deer was found from plain to mountain in everywhere of Taiwan, and history of Taiwan and civilization of aborigine are close correlation with it. Only one year in 1638, the record of Netherlander showed 150,000 sheets of deerskin exported from Taiwan. From ancient times till last century, the deerskin of Taiwan was the largest export in the world. So, the jumping deer is on behalf of the first man should be born in ancient Taiwan, and Taiwan may be the motherland of man——Garden of Eden.

The trace of the ancient cross symbol of Taiwan may come from the land of Mu

The cross symbol of ancient Empire of the Sun is handed down from generation to generation, this is developed by 'T' word of the wood which represents the life. From the ancient Indian "Tablet T", vertical line of word picture stretching up into the "cross" as the main body, known as the sacred symbol of the four powers, and then develop and enclose with the round "⊕" shape that the round represents universe, develop into "卐" afterwards. The civilization of Mu regards these sacred powers as the creator of the universe will and desire. Swastika" is 'the lucky symbol', and later become a symbol of Buddhism. There are two ruined walls of straight line in submarine city near Hu Jing Islet of Penghu. Every 200-metre-long wall, pointing East, west and North, South, present cross in rectangular angle in the middle of them, and near sea wall a large stone about 2.5 square-meter bearing a clear "cross" marks, these sites are all in the 4th glacier period, more than 12,000 years ago. The established construction artificially in ancient times when the times still on the land are set up.

3. Many fossils of ancient elephant in Taiwan correspond with the land of Mu

The land of Mu once was the paradise of ancient elephants

According to Indian and Maya Records, there were many ancient elephants walking in the forest in the glacial era. Roaming through the primeval vast forests of the land of Mu were herds of “mighty mastodons and elephants” that flapped their big ears to drive off annoying insects.

The fossils of ancient elephant prove Taiwan should be the land of Mu

Many fossils of ancient elephants were excavated everywhere in Taiwan, such as: *Stegodon Sinensis*, *Stegodon Akashiensis*, *Stegodon Aurorae*, Indian *Stegodon*, Taiwanese mammoth, *Elephas Maximus*, *Elephas Namadicus*, *Stegodon Insignis*, *Stegodon Orientalis*, *Palaeoloxodon Sp.*, *Mastodon* etc., which confirmed Taiwan once was a paradise of ancient elephants. Its circumstances were similar to the land of Mu, so Taiwan should be the land of Mu.

Once there were a great number of elephants in Taiwan

There are many fossils of ancient elephant confirm Taiwan once have been a paradise of elephants. In Hsinhua hill region of Tainan, Chailiao River and some area in Taiwan have appeared a lot of huge elephant's fossils, among them there are some Stegodons that have now already disappeared.

The down molar tooth of Stegodon at Tainan (left), the mammoth's skull in Taiwan Strait (middle) and the elephant skull at Chai-liao River (right).

Lian-Jie Wang, the expert of fossil, reserves about 70,000~80,000 pieces of Taiwan's fossil. These are fossils of elephant's molar (left) and the incomplete fossils of ivory and elephant's vertebra (right) that Lian-Jie Wang keeps.

4. The matriarchal society proves the land of Mu should be Taiwan

The Distribution of the Indigenous Tribes in Taiwan

The Empire of the Sun is also called 'the kingdom of mother of the Sun'. A great characteristic is a matriarchal society that women are hosts in the system of marriage, and the property is inherited according to maternal side.

Taiwan aborigines is divided into 2 parts, the major is Pepo tribes have 9 clans, including Ketagalan, Kavalan, Taokas, Pazeh, Papora, Babuza, Hoanya, Thao and Siraya, since ancient times these aborigines are all matrilineal societies; the minor Gaoshan tribes have 14 clans, among them some tribes still are the matriarchal society, including: Amis, Bunun, Sakizaya, Tso and Puyuma etc.

The above describes that, since most of Taiwan's aborigines retain ancient matriarchal societies, the other aborigines in the world remain very few matrilineal society that proves the land of Mu should be Taiwan.

5. There are Remains of the Sun Clansman at Yenliao Gulf nearby

The field is nearly 4 meters wide and 10 meters long. In the middle of notch direction of the “匚” shape erects two stone pillars that may be the host seat and the door and the passage. It may be wooden support, overlying the thatched roof, but already decayed and disappeared.

Lines of colonization from Mu-Land to the entire world

Churchward drew the routes from Empire of the Sun to colonies around the world should be modified as following map.
